Scentsational Soaps & Candles, Inc. Voluntarily Expands Nationwide Recall of Scented Hand Sanitizers Due to the Presence of Methanol (Wood Alcohol), Benzene and Acetaldehyde

Venice, Fla., May 10, 2021 – Scentsational Soaps & Candles, Inc., has voluntarily expanded its April 27 recall of scented Hand Sanitizers to include three lots of Goose Creek HAND SANITIZER (NDC 75078-004) + Aloe and one lot of COCO TKO HAND SANITIZER in 3.38 and 3.4 fluid ounce spray bottles, respectively, to the consumer level. These products are listed in the table below. These products are being recalled after testing conducted by our firm revealed the presence of methanol (wood alcohol), benzene, and acetaldehyde. These products were sold on the Internet and distributed nationwide in the USA by Goose Creek Candles, LLC and Coconut Stand.

Risk Statement: Substantial methanol exposure can result in nausea, vomiting, headache, blurred vision, permanent blindness, seizures, coma, permanent damage to the nervous system, or death. Although all persons using these products on their hands are at risk, young children who accidentally ingest the products and adolescents and adults who drink the products as an alcohol (ethanol) substitute are most at risk for methanol poisoning. Exposure to benzene can occur through inhalation, oral, and skin. There is a reasonable probability that benzene present at levels above the maximum daily exposure recommendations can result in cancers including leukemia and blood cancer of the bone marrow and blood disorders which can be life-threatening. Additionally, animal studies have shown that acetaldehyde can possibly cause cancer in humans. To date, the company has not received any reports of adverse reactions related to this recall.

These products are used as hand sanitizers and marketed to help decrease bacteria on the skin when soap and water are not available. The affected bottles of hand sanitizer include a five-digit lot code printed on the bottle near the base. The products can be identified by the label, scent,

and lot code provided in the table at the end of this release. Photos are also provided at www.scentsational-products.com.

Scentsational Soaps & Candles, Inc. has notified its direct customers by telephone with confirmatory email and asked that they remove the recalled products from commerce immediately if they still had any in inventory.

Consumers, distributors, and retailers that have the hand sanitizers which are being recalled should stop using, distributing and/or selling them and return them to the place of purchase.

Consumers with questions regarding this recall can contact our Customer Support Desk, 1-855-554-8050, M-F, during business hours 9:00 a.m. – 5:00 p.m. ET.

Consumers should contact their physician or healthcare provider if they have experienced problems that may be related to taking or using this product.

Adverse reactions or quality problems experienced with the use of this product may be reported to the FDA's MedWatch Adverse Event Reporting program either online, by regular mail, or by fax.

- Complete and submit the report [Online](#)
- Regular Mail or Fax: [Download form](#) or call 1- 800-332-1088 to request a reporting form, then complete and return to the address on the pre-addressed form, or submit by fax to 1-800-FDA-0178

This recall is being conducted with the knowledge of the U.S. Food and Drug Administration.

“We have discontinued all hand sanitizer production,” said Steve Morrison of Scentsational Soaps & Candles, Inc. “We work hard every day to carefully procure the highest quality ingredients, and we sincerely regret any inconvenience this recall may cause.”
